Identifying an independent Institutional Review Board (IRB) that is focused on the essentials of human subject protection, includes critical quality components, and offers good customer service, can be challenging. This webinar will walk you through the process of evaluating an IRB to ensure that it has the highest level of compliance, and at the same time, has processes in place that optimize your working relationship.

LEARNING OBJECTIVES

At the conclusion of this webinar, participants should be able to:

- Identify a list of criteria to look for when evaluating an IRB
- Explain what FDA requires of IRBs – and what problem areas have prompted FDA Warning Letters
- Discuss how IRBs evaluate themselves and what they do to ensure compliance with evolving developments in human subject protection

Evaluating IRBs: Finding a High Quality and Compliant IRB
Event #11220 • April 14, 2011 • 11:00 AM-12:30 PM EDT

Continuing Education

Drug Information Association has been approved as an Authorized Provider by the International Association for Continuing Education and Training (IACET), 8405 Greensboro Drive, Suite 800, McLean, VA 22102; (703) 506-3275. Drug Information Association is authorized by IACET to offer .2 CEUs for this program.

If you would like to receive a statement of credit, you must participate in the live webinar, and complete the on-line credit request process through My Transcript at www.diahome.org. Participants will be able to download a statement of credit upon successful submission of the credit request. My Transcript will be available for credit requests on April 29, 2011.

Continuing education credits are available to learners who participate in the live webinar.

Continuing education credits are **not available** for the archived webinar.

Disclosure Policy

It is Drug Information Association policy that anyone in a position to control the content of a continuing education activity must disclose to the program audience (1) any real or apparent conflict(s) of interest related to the content of their presentation and/or the educational activity, and (2) discussions of unlabeled or unapproved uses of drugs or medical devices. Faculty disclosures will be included in the course materials.
